

Household appliances

Realizing innovations with our high-performance materials

BASF

We create chemistry

1 | **ULTRAMID®** Cleaning solutions

- Colorable
- Excellent mechanical performance
- High surface quality

3 | **ULTRAFORM® AND ULTRAMID® FC AQUA**

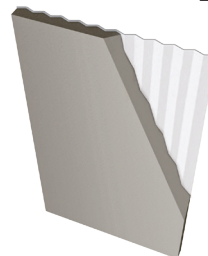

Functional parts of
coffee machines

- High dimensional stability at elevated temperatures
- Excellent hydrolysis resistance
- Suitable for food contact

2 | **ULTRAMID® DEEP GLOSS** Coffee machine housing

- Outstanding gloss and enhanced color deepness
- Excellent scratch and high temperature resistance

4 | **ELASTOCOOL® F** Household refrigerator insulation

- Excellent surface quality
- Excellent mechanical performance
- Significantly faster demold cycles
- Improved energy efficiency and sustainability

Household appliances

Realizing innovations with our high-performance materials

BASF

We create chemistry

5 | **ULTRAMID® AND ULTRADUR®** **FLAME RETARDANT PORTFOLIO** Control unit for washing machines

- Excellent flame retardant properties (UL94, ICE60335)
- Free of halogens and electro-friendly
- Easy processing

7 | **ULTRADUR® HIGH GLOSS** Appliance housing

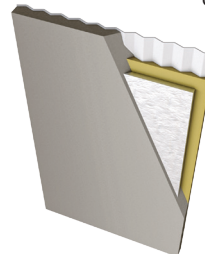

- Outstanding gloss and enhanced color deepness
- High dimensional stability
- Excellent stiffness

6 | **ULTRAMID®** Kitchen appliance handle

- Good stiffness and toughness
- Improved color stability at high temperatures
- Easy processing

8 | **BALINDUR®** PU-System for Vacuum Insulation Panels (VIP)

- One material solution for high energy efficiencies
- Sustainable
- Long lasting & durable
- Lightweight

Household appliances

Realizing innovations with our high-performance materials

BASF

We create chemistry

9 | **ULTRAMID®** Pulley for washing machines

- Excellent stiffness
- Easy processing
- High creep resistance

11 | **ULTRADUR®** Oven door frames

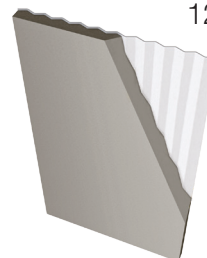

- High dimensional stability
- Excellent mechanical performance
- High surface quality

10 | **ELASTOLLAN®** Stylish surfaces

- Pleasant to touch
- Colorable
- Durable

12 | **ELASTOPOR® H** Insulation for commercial refrigerators and freezers

- Very low density
- Optimized surface quality
- Excellent adhesion
- Sustainable foaming agents

Note

The data contained in this publication are based on our current knowledge and experience. In view of the many factors that may affect processing and application of our product, these data do not relieve processors from carrying out own investigations and tests; neither do these data imply any guarantee of certain properties, nor the suitability of the product for a specific purpose. Any descriptions, drawings, photographs, data, proportions, weights etc. given herein may change without prior information and do not constitute the agreed contractual quality of the product. It is the responsibility of the recipient of our products to ensure that any proprietary rights and existing laws and legislation are observed. (September 2020)
